**RE:** Change of Ownership Announcement Letter

Dear Customer

We want to bring to your attention and announce that our company, National Analytical and Forensic Services Pty Ltd. located at 109 Sovereign Drive, R21 Corporate Park, Irene, Pretoria is being transferred to the new owner PET Labs. The change in the ownership has been effective since 1 May 2024.

We intend to notify you, through this letter, that there is no change in the management and policies of this analytical testing facility.

We can confirm that this change will not influence the reputation that we have managed to build over the last seven years. We had to take the step of changing the ownership of the company to ensure an expansion of the services that we deliver to our clients. We can assure you that PET Labs would handle the laboratory with the same passion and dedication to GMP requirements and standards as before.

You have always been a valued client and have trusted us with your analytical testing needs, for which we are very thankful to you.

Yours truly,

A handwritten signature in black ink, appearing to read "G Kemp", written in a cursive style.

Dr Gerdus Kemp  
CEO
